

# Christmas Memories

A NeedleKnowledge® Quilt Pattern

## Before Beginning...

- ◆ Carefully read the instructions before starting the project
- ◆ Pre-wash and press all fabrics before cutting. Replace any fabrics that continue to bleed after washing
- ◆ All seam allowances are 1/4 inch and are included in the given measurements
- ◆ Press seams as you work, and always press towards the darker fabrics whenever possible. Small pieces can be finger-pressed to save trips to the ironing board
- ◆ Be sure to follow the printing instructions on the last page

Every effort has been made to ensure the accuracy of this pattern. We cannot, however, be responsible for human error, typographical mistakes, improper printer settings and variations, or variations in an individual's work.

## Step 1 - Cut the Borders, Sashing and Cornerstones:

From the light red print fabric cut four (4) strips 1-1/2" x 18-1/2", 8 strips 1-1/2" x 8-1/2" and four (4) strips 1-1/2" x 28-1/2" for the sashing.

From the pale gold fabric cut two (2) strips 1-1/2" x 38-1/2" for the interior border side strips and two (2) strips 1-1/2" x 30-1/2" for the interior border top and bottom strips. Cut two (2) 1-1/2"x52-1/2" strips for the first outer border side strips and two (2) strips 1-1/2" x 40-1/2" for the first outer border top and bottom strips.

From the deep blue fabric cut two (2) strips 1-1/2" x 52-1/2" for the second outer border sides strips and two (2) strips 1-1/2" x 42-1/2" for the second outer border top and bottom strips. Cut four (4) squares of deep green fabric 1-1/2" x 1-1/2" for the second outer border cornerstones.

From the deep red cut two (2) strips 4-1/2" x 54-1/2" for the third outer borderside strips and two (2) 4-1/2" x 44-1/2" strips for the third outer border top and bottom strips. Cut four (4) squares of deep gold 4-1/2" x 4-1/2" for the third outer border cornerstones.

Set the sashing strips, borders and cornerstones aside while you assemble the blocks.

## Step 2 - Cut and Assemble the Holly Blocks:

*These blocks form the pieced middle border of the quilt.*

From the deep red cut thirty two (32) A squares from the deep red, thirty two (32) A squares from the light red, sixty four (64) ii pieces from light green and sixty four (64) ii pieces from the deep green. From the off-white cut one hundred ninety two (192) B triangles, and thirty two (32) jj triangles.

Stitch two B triangles to each red A square. Stitch one light green and one deep green ii piece to each side of the A/B unit to make a triangle unit (Fig. 1).

Stitch one jj triangle to each triangle unit to make a berry square (Fig. 2).

Stitch one B triangle to each end of the green ii pieces. Stitch the deep green ii unit to the left side of each berry square. Stitch one light red A square to the right-hand side of the light green ii unit and stitch this unit to the top of the berry square to make a block.

Make 32 of these blocks.

Full-size Patterns:

## How to Print the Patterns:

It is extremely important that you follow these printing instructions properly. Otherwise, your printer may not print the full-size patterns to the proper size!

Most printers default to scaling in order to print what it deems to be "too large" for an area. This feature must be disabled by un-clicking or un-selecting the feature.

Please note that while these instructions work for most printers, there is a possibility that your printer may vary. To double-check the sizing, measure the square shown below. It should measure 2" x 2" square.

- ◆ Paper Size is 8.5 x 11 letter, set to portrait, not landscape
- ◆ Print Quality should be set to "Normal"
- ◆ Do not use any form of Page Scaling - this option should be set to "NONE"
- ◆ The Auto Rotate to Center should NOT be checked. Un-check this box.
- ◆ Do NOT use the "Choose Paper Source by PDF Page Size" Box
- ◆ Do NOT use the "Fit to Printable Area" option
- ◆ Do NOT use the "Shrink to Printable Area" option
- ◆ If your printer has an advanced setting named "Features", this setting should be set to "Print Actual Size"
- ◆ Refer to your printer's Owner's Manual for additional information

### **KNOW THY PRINTER:**

**Each printer is different and settings vary widely across different brands. Please do not email us regarding printer settings, as we do not have tech support on staff.**
